Pattemores, as a business, has been around for more than 80 years. We are in the middle of upgrading and improving our quality team and are looking for someone who is willing to learn, willing to try and reliable. That is all the qualifications we need you to have.

The job is working in the laboratory, testing samples but then also going out into the factory to audit the buildings, work areas etc. Maybe one day you'll be collecting samples from around the factory, then swabbing the areas to check the hygiene standards.

No formal training is required as you'll have all the training you need here.

So, come on and join a growing team!!

Days currently Sunday to Thursday 08:00 - 18:00

£10.50 training rate £10.80 fully trained.

Plus, discounts on shopping and brands with our company perks card, completely free to all employees. For example, get 4% of your weekly ASDA shop, stream a movie or 2. More details during interview, just ask.
